Summary

Motivated Full Stack Developer with hands-on experience in building scalable web applications using Node.js, Express, MongoDB, and modern frontend technologies. Passionate about problem-solving, backend architecture, and developing real-world applications with secure authentication systems.

Education

Master Of Computer Application (MCA)

JSPM's Jaywant Institute Of Management Studies

2025 – Present

Pune, Maharashtra

Bachelor Of Software Development (B.Voc(SD))

Sangamner College

2022 – 2025

Sangamner, Maharashtra

12th Science (HSC)

Sahyadri College

2021 – 2022

Sangamner, Maharashtra

10th (SSC)

Strawberry English Medium School

2019 – 2020

Sangamner, Maharashtra

Projects

Personal Portfolio Website | *Node.js, Express, EJS, Tailwind CSS, Nodemailer*

February 2026

- Built a dynamic portfolio website using Express and EJS with server-side rendering.
- Designed a fully responsive UI using Tailwind CSS with mobile-first principles.
- Integrated backend email functionality using Nodemailer for contact form submissions.
- Structured modular routing and reusable EJS components for maintainability.

Ride Sharing Platform | [Live Demo](#) | *Node.js, Express, MongoDB, EJS, TailwindCSS*

December 2025

- Developed a full-stack ride-sharing platform enabling users to create and book rides.
- Implemented JWT-based authentication and role-based access control for users.
- Designed RESTful APIs for ride creation, booking management, and history tracking.
- Integrated MongoDB for data management with validation and error handling.

Job Portal Web Application | *Node.js, Express, MongoDB, React, Cloudinary, JWT*

July 2025

- Built a job portal platform allowing recruiters to post jobs and candidates to apply.
- Implemented secure JWT authentication with role-based access control.
- Developed RESTful APIs for job posting, application tracking, and resume management.
- Managed file uploads and data storage using MongoDB and Cloudinary.

Technical Skills

Node.js | Express.js | MongoDB | JavaScript | HTML/CSS | Tailwind CSS | SQL | Git | GitHub | Postman | REST APIs | JWT Authentication | EJS
